

Dupliquer une période

Accessible à partir du menu récapitulatif de période, ce bouton permet de dupliquer la période à d'autres dates.

The screenshot shows a web application window titled "Dupliquer une période de formation". At the top, it displays the user's name "Eleve : Laframboise Nicholas" and the company "Entreprise : Garage Gouineau". Below this, the section "Sélection de la Période de Formation" contains two radio button options. The first option, "Période 1", is selected and highlighted in yellow; it describes a period from Monday, December 1, 2014, to Saturday, December 20, 2014, for professional environment training, accepted by Garage Gouineau. The second option, "Période 2", is unselected and describes a period from Monday, June 15, 2015, to Saturday, July 4, 2015, for the same training. Below the selection, the "Création d'une période de formation individuelle" section includes a dropdown menu for "Type de formation" (set to "Période de formation en milieu professionnel"), input fields for the start and end dates, and a field for the number of training days. A "Valider" button is located in the bottom right corner.
